TRAINING & PLACEMENT CELL

It gives me immense pleasure to share a few words on the Training and Placement activities of Government Polytechnic Madhepura. The Training and Placement Cell plays an important role in preparing our students for the professional world by providing opportunities for skill development, internships, apprenticeships, industry interaction and employment.

Our constant endeavour is to bridge the gap between classroom learning and industry requirements. Through career guidance, technical training, soft-skill development and interaction with prospective employers, we aim to build confidence and enhance the employability of our students.

I appreciate the sincere efforts of the Training and Placement Cell, faculty members, industry partners and, most importantly, our students. I am confident that their dedication and continuous efforts will lead to greater opportunities and achievements in the years ahead.

TRAINING & PLACEMENT CELL

It is my privilege to serve as the Training & Placement Officer of Government Polytechnic, Madhepura. The Training & Placement Cell works to connect students with suitable career opportunities. We focus on enhancing students' technical, communication, aptitude, and professional skills. Regular training, career guidance, industrial exposure, and placement activities are organized for students. We encourage our students to develop confidence, discipline, creativity, and a strong work ethic.

Our aim is to bridge the gap between academic learning and industry expectations.

We are committed to providing a platform where students can identify and achieve their career goals. I sincerely appreciate the support of our Principal, faculty members, industry partners, and students.

I wish all our students a bright, successful, and rewarding professional career.

LAST THREE YEARS PLACEMENT DATA

"The key to any successful placement procedure lies in finding the right person for the right role."

This quote highlights the importance of candidate-role alignment, a crucial aspect of effective placement. It emphasizes the need for a strategic approach to finding individuals whose skills, experience, and personality match the specific requirements of a position.

PRE-PLACEMENT TALKS & INTERVIEW SESSIONS

The Training and Placement Cell of Government Polytechnic Madhepura organized pre-placement talks and interview sessions to familiarize students with the recruitment process and workplace expectations. The sessions provided valuable guidance on company requirements, job profiles, interview techniques and professional communication.

Students actively participated and gained useful insights into the interview process. These initiatives helped boost their confidence and prepare them for upcoming placement opportunities.

PRE-PLACEMENT TALKS WITH COMPANY HR TEAM

A pre-placement talk was organized at Government Polytechnic Madhepura with the Company HR, who briefed students about the company profile, job roles, eligibility criteria and recruitment process. The interaction helped students understand industry expectations and prepare themselves confidently for the upcoming selection process.

MOCK INTERVIEW

The Training and Placement Cell of Government Polytechnic Madhepura organized a Mock Interview Session to help students prepare for upcoming placement opportunities. The session provided students with practical exposure to the interview environment and helped them improve their communication, confidence and presentation skills.

Students actively participated in the session and received valuable feedback on their strengths and areas for improvement. Such activities are an important step towards making our students more confident and industry-ready.
